OLD BUSINESS

- Water Line: The easement for the booster station site has been recorded. There are two days left of the state legislative special session.

- Scrub Seal Projects: When West Chub Lake Road was cleaned in preparation for striping, pieces of material were blown out of the crack sealing, and those pieces were left on the road, with striping done over the top of them. Clerk contacted the county, and as per Rick Norrgard the contractor was going to clean the pieces off the road. That hasn't been done yet, clerk will contact Norrgard again.

- Treasurer Position: Ginny Vernon is willing to take on the township's treasurer position. She will begin training in with Schmitz.

NEW BUSINESS

- Utilities Permit: Fond Du Lac Communications has requested a permit for fiber optic cable on Cologne Road. Work will start on or after July 6 and will be done by the end of the year. Discussion on possible future road work and how that may affect the cable. Clerk will discuss with the communications company.

- MN State Demographic Center: The 2019 annual estimates were received; our population estimate is 2,152 and our household estimate is 814.

- WLSSD: Notice was received from WLSSD that the Current Allocation of Treatment Works Costs and Wastewater Treatment Allocation Permits are extended to December 31, 2021.

ROAD MAINTENANCE

- Driveway Permits: Driveway permits were approved as follows: for Michael McNulty property on Brook Hollow Drive; culvert is required, and for Kris Johnson property on Olivia Drive; culvert is required.

- Gillogly Road: Vernon was contacted by Chuck Rilea regarding his driveway. The driveway comes out on a hill, and there is too much brush and branches hanging over the road for him to be able to see oncoming traffic when pulling out. It also affects the view of the driveway for drivers on the road. Clerk will check with Olean.
